

Emmanuel Ohioma Aruya

Mechatronics / Software Engineer

I'm a software engineer with a passion for technology, soon to be a mechatronics engineer. My background in software development equips me with a strong foundation in coding and problem-solving, while my upcoming mechatronics expertise will enable me to integrate software and hardware seamlessly. I'm excited to bring a multidisciplinary approach to engineering challenges.

📍 Benin City, Edo State, Nigeria

EDUCATION

Mechatronics Engineering University of Benin

06/2020 - Present

Benin City, Edo State, Nigeria

Courses

- Mechatronics Engineering

WORK EXPERIENCE

100 Devs Software Engineering Company.

08/2022 - 08/2023

Benin City, Nigeria

Achievements/Tasks

- Worked on software and learnt a couple of useful programming languages and frameworks such as JavaScript, React, Tailwind CSS, Node JS, PostgreSQL. etc.
- Built Software to solidify learning experience.
- API Creation and Management.

Software Engineer. Havoc-Web Tech

06/2023 - 05/2024

Benin City, Nigeria

Software Engineering Company with sole of purpose of providing web solutions.

Achievements/Tasks

- Web / Mobile Application Development
- API Creation and Security
- Database Management

SKILLS

FullStack Development

Arduino Programming

Python

Javascript

React

Tailwind CSS

NextJs

PERSONAL PROJECTS

Load Management systems. (06/2024 - Present)

- Currently working on a load management system, with the use of knowledge and skills I have gathered so far.
- Automation and System Control.
- Arduino Programming.

ORGANIZATIONS

Havoc Web Tech (06/2023 - 05/2024)

Software Engineer

100 Devs

Self Employed (06/2024 - Present)

CEO

CERTIFICATES

Matlab onRamps (08/2024 - Present)
